

# What we will do if your child displays symptoms during school time...

## What happens if my child has Coronavirus symptoms?

### Symptoms can be:

- **A high temperature** – this means they feel hot to touch on their chest or back
- **A new, continuous cough** – this means coughing a lot for more than an hour, or three or more coughing episodes in 24 hours (if they usually have a cough, it may be worse than usual)
- **A loss of, or change in, their normal sense of smell or taste** – this means they cannot smell or taste anything, or things smell or taste different to normal
- **This list may expand**

### What should I do?

- **Do not send your child to school and do not come to school** yourself or send anyone from your household
- Inform the school office, on 01689 843367 and keep school updated with regular calls as requested
- Your child and household must self-isolate and book a test for your child
- Please inform the school about the test result

### When can my child return to school?

- If the test result for your child comes back negative and no one in the household has symptoms then your child can return.
- You must show a member of staff proof of a negative test

## What happens if my child tests positive for Coronavirus/COVID-19?

### You must...

- **Keep your child at home and must not send your child to school.**
- **Not come to school** yourself or send anyone from your household.
- Follow the government instructions on guidance for households
- Keep in regular contact with the school office
- Ensure your child self-isolates for 10 days. Other members of your household must comply with the NHS **Test & Trace** instructions

### When can my child return to school?

- After 10 days, or when they feel better if this takes longer than 10 days.

## What happens if someone in our household has symptoms?

- **Do not send your child to school and do not come to school** yourself, or send anyone from your household.
- Follow the government instructions on guidance for households
- Keep in regular contact with the school office
- Your whole household must self-isolate and book a test for the member of the household with symptoms

### When can my child return to school?

- If the test result is negative for your household member, your child can return to straight away

## What happens if someone in our household has tested positive for Coronavirus/COVID-19?

- **Do not send your child to school and do not come to school** yourself, or send anyone from your household.
- Follow the government instructions on guidance for households
- Keep in regular contact with the school office
- Your whole household must self-isolate and book a test for the member of the household with symptoms
- Self-isolate for 14 days

### When can my child return to school?

- Once your child has completed 14 days of self-isolation and is not showing any of the symptoms of Coronavirus/COVID-19

## What happens if NHS Test & Trace has identified my child as a *close contact* of somebody with confirmed Coronavirus / Covid-19?

- **Do not send your child to school**
- Make sure your child self-isolates for 14 days
- Keep in regular contact with the school office

When can my child return to school?

- Once your child has completed 14 days of self-isolation and is not showing any of the symptoms of Coronavirus/COVID-19

## What happens if my child has returned from a country or region that is **NOT** on the government's list of exemptions and therefore needs to *self-isolate for a period of quarantine*?

- **Do not send your child to school**
- Make sure your child self-isolates for 14 days
- Keep in regular contact with the school office

When can my child return to school?

- Once your child has completed 14 days of self-isolation and is not showing any of the symptoms of Coronavirus/COVID-19
