

Once upon a time, there was a little girl her name was Anna. She was 7 years old. When she was 20 years old she became a princess. On her birthday a prince called Eliot invited the princess to come over to his amazing palace. "My name is Eliot. Would you like to come to my fantastic palace." Asked the prince, "Yes thank you, I would love that" said the princess, thankfully. Then Anna saw that the prince's eyes were sparkling, but then the prince's mum and dad announced who's going to be crowned king and queen. "And the moment you've all been waiting for .The king will be ... prince Eliot and the queen will be princess Anna" So prince Eliot and princess Anna got married and so they lived happily ever after.

The end
