

Meet Your Teacher

Dear Families,

Hi and Welcome to Year 3-Nichols Class!

My name is **Mrs Allen-Bernard** and I am thrilled that you will be in my class this year! We are going to learn so many new and exciting activities together, filled with fun and adventures. Our classroom will be located in the main building.

This is my second year of teaching Year 3 at Monks Orchard Primary, and I have enjoyed every moment. I am extremely passionate about teaching all subjects, though Science is my 'FAV', and I enjoy using technology as much as I can.

In Year 3, we will read every day and you will have the opportunity to explore and learn about various authors and to develop your own writing styles. We will make sure you understand the basic skills of adding, subtracting, multiplying and dividing, and lots more. As well as helping you to develop your reasoning skills.

I also think it is very important to work together as a classroom family. We will be spending a lot of time together, so it is important to treat each other with respect, kindness, and compassion.

As I have high expectations of all pupils, I would like to work closely with all parents/carers. I believe frequent communication is vital and it helps us both to properly equip pupils with the relevant work materials and other resources to develop interest and stimulate learning. It is my job as your child's class teacher to support you and to help your child to grow as a learner and as a person of good character.

My Favourites

When I'm not marking books or planning lessons, you can find me at home spending time with my family and friends. I enjoy:

Season: Summer - I love the weather and travelling.

Food: Curry Mutton and White rice

Hobbies: Art and Craft & Cooking

Fruit: Delicious Mangoes

Sport: Netball/Basketball

Song: Bob Marley

Colour: Red

Year 3 supporting staff are:

Mrs Michele Walker

Mrs Nilescha Visrola

I can't wait to meet you and your family.

A Little About Me!

I am a warm and caring person who loves working with children. I enjoy helping them make progress and moving them on to the next level. I am full of enthusiasm for what I do.

I have always sought to foster an open environment that embraces the rich breadth of my pupils' backgrounds. I have gained knowledge and experience working with pupils in a multicultural learning context across key stages (1,2 and 3) reinforcing and understanding the national curriculum used to educate all.

I was trained as a teacher in Jamaica at the Moneague Teachers College. Having taught in Jamaica for four years, I then migrated to England and have spent almost fifteen years as a primary school teacher in London. I achieved my Bachelor of Education Honours Degree at the London Institute of Education.
