

# Year 4 Summer Newsletter

Our topic for this half term is Rainforest. We will be learning all about where they are located in the world, what animals live there and will be creating some fantastic art work around the rainforest too.

## Science

We are continuing our electricity topic, then will be moving onto states of matter. We will find out conductors and insulators as well as solids, liquids and gases.

SOLID

LIQUID

GAS

## English

To start the term, we will be reading *The Boy Who Grew*

*Dragons* and will be writing texts inspired by the book. We also will be reading *The Miraculous Journey of Edward Tulane*.

## Maths

This term we are going to focus on money, time and shape. If your child still struggles to tell the time on a clock face, please help out with this at home. Make sure your child is still practising their times tables every day on TTR in order to prepare them the MTC in June!

## Reminders

Homework is set on Thursday and due on Tuesday.

Reading records are checked by an adult on Tuesdays but are expected to be in school every day. 5 detailed comments from your child.

PE is on Wednesday and Friday.
